THOMAS PRINTZ' PRIVATE BULLETIN. A BRIDGE TO FREEDOM PUBLICATION.

VOL. 8. NO. 27.

October 4th. 1959.

Dear hearts of Comfort:

I have often watched so many of you with great and loving interest as well as compassion in your endeavors to sustain a vibratory action which invites the most powerful and constant Healing Currents for the establishment and maintenance of the God-Consciousness for your own vehicles and for others.

As you know, sickness is a discordant vibration, whether it is a physical, emotional, mental or a moral disease. The vibration usually has its core in the emotional Body - the fundamental cause from whence the effect proceeds into the flesh is rooted primarily in one of the inner vehicles. It is either a mental, emotional or etheric pattern of many centuries duration, and very often consists of an emotional core of imperfect vibration. This pattern sends out long rays, and as you have seen the radio-activity of radium and of light upon the flesh body, so do these inner radiations anchor into the flesh as certain imperfect conditions. Therefore the remedy for all disease is the dissolving of the inner fundamental destructive vibration and the establishment of a new radiation which will be beneficial to the physical body.

When an inner cause has imprinted itself into the flesh body, that cause can be Transmuted by the invocations to The Violet Transmuting Flame from the Heart of the Ascended Master Saint Germain, through your own "I AM" Presence, or any Divine Being Who use an activity of the Sacred Fire of Purification. Then there must be established within the inner body a healing vibration to restore, renew and rebuild the diseased and disturbed tissues. In other words, a new cause must be set up at inner level to produce a new effect.

If you will follow this instruction through in detail, in meditation and in contemplation and then action I know you will find personal relief which will be followed and amplified by Cosmic Healing Currents that can be invoked and sustained in your daily living and for the blessings of all life yet unascended.

God bless you, each one, sustain and uplift you, until you find that to dwell in the One God-Consciousness is a most perfect experience from whence no outer pull can ever again draw you into the lower vibratory action.

Love and Blessings

MAHA CHOHAN.
